

I can not believe that it has come to this. KDLS is not a huge station with hundreds of people working here. We're still mom and pop. We still have to go out and earn a living. We don't get the big ad agency buys so I can hire people to keep up with all the regulations the FCC forces on us. No, I have to try to keep up with them by myself.... while I run a radio station and try to sell just to keep the doors open. Come on. Lighten up a little, will you? I'm not even going to get into 1st ammenment rights, freedom of speech and all that. i'll leave that to the real smart GM's and lawyers. I'm talking to you as a small market GM in the middle of a corn field in Iowa. I'm here to serve our community. My listeners don't care for the "Bob and Tom" and "Howard Stern" type of program. Therefore, we keep our broadcasting above boards. Just because a few Bozo's out there choose to broadcast garbage and one woman shows her breast on tv doesn't mean you should punish an entire industry! I can see if the FCC receives a complaint about a station that the station has to tape its broadcast for 30 days or something like that. Besides, don't you guys have more important things to do....like making sure our public file is up to date. NOW THAT'S IMPORTANT!!

Patrick J. Graney  
General Manager  
KDLS AM/FM  
Perry, IA 50220.
